neighbors without the Cherry Pectoral, were suffering from the disease. Repeated instances are reported here of paients who have been cured from LIVER COMPLAINTS by this remedy, so nany that there can be no question of its healing power on these diseases. It should be per-

everingly taken until the pain in the side and other unpleasant symptoms cease. FOR CONSUMPTION in its earliest stages should be taken under the advice of a good hysician if possible, and in every case with a care ful regard to the printed directions on the bottle. If judiciously used, and the patient is carefully nursed meantime, it will seldom fail to subdue the disease.

For settled CONSUMPTION in its worst form, the Cherry Pectoral should be given in doses adapted to what the patient requires and can hear. It always affords some relief, and not unfrequently cures those who are considered past all cu.e. There are many thousands scattered all over the country, who feel and say that they owe their lives and present health to the Cherry Pectoral. Many years of trial, instead of impairing the

ublic confidence in this medicine, has won for t an appreciation and notoriety by far exceeding he most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmisbenefit conferred upon thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cure; too numerous and too remarkable to be forgotten.

While it is fraud upon the public to pretend that any one medicine will infallibly cure-still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably cure the maladies for which it is em-As time makes these facis wider and better

thrown, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American Peasant, to the palaces of European Kings.
